

SUMMARY

AI Engineer specializing in LLM integration, workflow automation, and enterprise AI deployment. Track record of building production-ready systems that bridge IT and business operations across multinational environments. Fluent in Python, cloud platforms, and cross-functional collaboration at scale.

EDUCATION

University of Seville <i>Bachelor in Software Engineering</i>	Sevilla, Spain 2019 - 2023
Polytechnic University of Madrid <i>Master in Artificial Intelligence</i>	Madrid, Spain 2023 - 2024

EXPERIENCE

Accenture <i>RPA and AI Developer</i>	Sevilla, Spain March 2023 - July 2023
---	--

- Engineered a Generative AI-powered MFA system reducing unauthorized access incidents in enterprise environments.

Calimaco <i>Prompt Engineer & AI Developer</i>	Madrid, Spain October 2024 – Dec 2025
--	--

- Architected and optimized LLM-based agent pipelines reducing manual workflow intervention significantly.
- Designed RAG pipelines for context-aware data retrieval, improving response accuracy across use cases.
- Engineered prompt optimization frameworks improving reliability and consistency across production deployments.
- Implemented end-to-end AI monitoring and evaluation systems ensuring production-grade performance and security.

Deutz Global Service Center <i>AI Developer</i>	Badajoz, Spain Jan 2026 – Present
---	--------------------------------------

- Leading AI and IT automation strategy as sole technical bridge between Spain office and German HQ.
- Designing an AI-powered Invoice PreCheck system using LLM-based document classification and routing.
- Building Python automation pipelines via Microsoft Graph API across shared enterprise mailboxes.
- Integrating AI automation layers with SAP ERP systems using Azure and CI/CD containerized environments.
- Collaborating with SAP teams on financial workflow, connecting AI automation layers with core ERP systems.

SKILLS & CERTIFICATIONS

Technical Skills:

Python · LangChain · OpenAI · Vertex AI · Azure · SAP/pyrfc · RAG · Docker · CI/CD · React · SQL

Languages: Spanish (Native), English – C1 (CEFR), French – B2 (CEFR), Portuguese – B2 (CEFR)

Soft Skills:

Analytical Thinking, Problem Solving, Collaboration, Leadership, Time Management
